HOME TOWN STUFF

Over in Tennessee a newspaper publisher refused to accept an appointment to serve out an unexpired term in the United States Senate. The reason assigned by the newspaper man was that he thought he could do more for his country by running a newspaper than he could by serving in the Senate. Newspaper men appreciate the importance of brevity and naturally would tire of listening to the long speeches made by Senators. However, if some Governor of Texas ever wants to do his State a real service by appointing a newspaper man to the Senate, he might be able to find one who is willing to make the necessary sacrifice. In fact, this column is quite certain that one can be found. Absolutely.

We are still hoping for some early action on our north-and-south highway across Wilbarger County. This road would be one of the most important highways through this section of the country. From Altus, extending through Vernon and Wilbarger County to the Baylor County line, the road would connect with some of the most important transcontinental highways in the country. At Altus it would connect in with the Oklahoma highway system. It would cross two transcontinental routes in Vernon and tap another important network of highways at Seymour. This road is worth securing for all the communities immediately concerned and would prove a great convenience to the traveling public.

A news item from San Antonio announces that Texas bee keepers will form an organization. The bees have always been organized and it is only natural that their keepers should find it necessary to follow the lead.

Traffic conditions around the post office corner have improved considerably in the last few days. Policemen have been on the job at this corner and the blockade that usually happens every morning, due to the habit of some to park their cars in the middle of the street while going in to get their mail, has not been so noticeable the last few days. We claim to be civilized, Christian people and yet we hire policemen to keep us from running over one another, getting in one another's way and killing one another.

A subscribed wants the help of this column in a very delicate matter. He says his neighbor has a radio loud speaker that can be heard at least two blocks and that this neighbor insists on tuning in on all the late night programs, have a preference apparently for the entertainment of the jazzy, slapstick variety. This subscriber writes in and asks that something be done about it. Here it goes again to re-enforce the observation made in the foregoing paragraph, namely, that we are so considerate of one another's rights and feelings that we have to hire policemen to keep us separated. A radio is a splendid instrument. It can be made a source of delight in a household, or it can be made a nuisance in a neighborhood, when the owner puts his loud speaker in the window and turns it on full blast. About the only worse nuisance is a howling dog, and the position of this column in the matter of town dogs is well known—too well, in fact, in certain quarters. Right now there are a few people who will hardly speak to H. T. simply because he has criticized dogs on one or two occasions in the past.

So far the dove season hasn't been much of a success.

Off To College.

Wayne Owen, Glenn Knapp, and Miss Maurine Knapp leave Thursday for Plainview, where they will enter Wayland Baptist College.

GERMAN QUEEN OF AIR BACK IN HOME HANGAR

Giant Dirigible Better Own Record After Crossing From Lakehurst in Sixty-Seven Hours—Huge Crowds Greet Ship as It Reaches Home.

Friedrichshafen, Germany, Sept. 4.—(P)—Beating its round-the-world cruising record by more than a full day, the Graf Zeppelin, German mistress of the air, landed here from Lakehurst, N. J., at 8:52 a. m. (2:52 a. m. E. S. T.).

Church bells pealed and cannon boomed a salute as the huge ship, escorted by an honor guard of 12 airplanes, appeared over the city, circling the town hall before it turned back to its hangar at the Zeppelin works.

One of the largest crowds in Friedrichshafen history greeted it there, cheering madly as the ship lowered toward the ground. Within a few minutes, it was taken in hand by the ground crew and at 8:56 a. m., was walked into its hangar. The 22 passengers were at the windows of the ship as it came to earth, waving flags in answer to cheers from the throng below, many of which had waited at the field all night. Ground Officer Hans Von Schiller was the first to emerge from the dirigible, passengers and members of the crew following after the ship entered the hangar.

With its landing the dirigible completed a round-the-world trip—Friedrichshafen to Friedrichshafen—in 20 days 4 hours, 18 minutes.

The Zeppelin previously had flown around the world from Lakehurst to Lakehurst in 21 days, 8 hours, 26 minutes, a time which was in itself a record.

The Zeppelin left Lakehurst at 7:18 a. m. E. S. T. Sunday Sept. 1, consuming 67 hours, 34 minutes in reaching here over an estimated course of 4,595 miles, against its own record (Continued on page 6)

SENATE MEETS TO FIX TARIFF

LAST MINUTE INDICATIONS SHOW INDEPENDENTS WITH BALANCE OF POWER

Washington, Sept. 4.—(P)—Almost equally divided on the pending tariff issue, the Senate was called together today from its summer recess to tackle this last and perhaps most controversial of President Hoover's recommendations to the extra session.

Last minute conferences of confiding factions showed the western Republican independents, headed by Senator Borah of Idaho, and Norris, of Nebraska, virtually holding the balance of power. The Republican revolt was expected almost solid support from the Democratic minority in their fight to confine the tariff revision solely to agricultural products. A close-working coalition of these groups may give them a majority over the Republican regulars who favor a more general upward tariff revision.

The impending tariff struggle was almost the sole thought of the Senatorial hosts as they came by rail and airplane today from their vacation retreats.

SEPTEMBER HEAT MARKS BROKEN IN EAST STATES

New York, Sept. 4.—(P)—Homecoming vacationists longed for their resorts today as they sweltered in heat which broke all existing records for September throughout Atlantic Coast states.

From Maine to Pennsylvania along the coast and far inland came reports of temperatures ranging from 100 to 90 degrees with small prospect of immediate relief. Relatively low humidity mitigated the discomfort somewhat, and there were no deaths reported. Five were prostrated in Boston.

WELL-KNOWN THEATER OWNER DIES IN NEW YORK

New York, Sept. 4.—(P)—Frederick Francis Proctor, 73, known as the dean of vaudeville theatre chain owners, died at his home at Larchmont, N. Y., today. He recently suffered an attack of congestion of the lungs from which he failed to rally.

HOOVER ENDS HALF YEAR IN PRESIDENT'S OFFICE

Washington, Sept. 4.—(P)—Herbert Hoover today reached the end of his first half year as president of the United States and looked back upon a busy period that has seen weighty policies of administration enunciated and important projects undertaken.

Six months ago today the Chief Executive received the oath of office and settled down to attention to the affairs of the nation that even the heat of a Washington summer scarcely interrupted. Keeping close to his desk, Mr. Hoover has charted the course of his administration, appointed more than half a dozen commissions to supervise new undertakings and has emerged victorious from his first conflict with the country's law makers.

He has instituted conversations with Great Britain which he expects soon to result in an international agreement for naval disarmament, has declared himself unequivocally for the strictest possible conservation of government holdings and taken steps to that end and has demanded a reorganization of the Republican party in those southern states in which abuses have been brought to light in the distribution of government offices.

A commission appointed by the Chief Executive is making a detailed study of Federal law enforcement and court conditions the scope of which (Continued on page six)

BURGLARS LOOT WEALTHY HOME

\$200,000 IN VALUABLES ARE TAKEN FROM RESIDENCE OF PENDERGASTS

Kansas City, Sept. 4.—(P)—Jewels and clothing valued at between \$150,000 and \$200,000 was stolen from the home of T. J. Pendergast, Democratic leader, here last night.

The thief entered the house through a second story window and ransacked seven rooms, working so quietly he was not heard by four children playing in the basement and a maid asleep on the third floor.

Mr. and Mrs. Pendergast discovered the theft when they returned home shortly after Mr. Pendergast's brother.

Much of the loot was rare jewels and fur pieces including the \$9,250 engagement ring of Miss Marceline Pendergast who is to marry William E. Burnett, Jr., October 15. Part of Miss Pendergast's trousseau also was taken.

The thief found the bag containing the jewels behind a dressing table.

Forest Fire at Door of Chicago Under Control

Chicago, Sept. 4.—(P)—Forest fires snapped and crackled today at the very door of one of the world's largest cities.

An area of more than a mile and a half in the Cook County forest preserve, near 107th Street and Archer Avenue, was swept by fire which was brought under control today after burning since Monday night.

A forester discovered the fire and sought to extinguish it without help. The task proved too much, and flames soon were shooting among the forest preserve timber. All available forest-fire units were called in. Ditches were dug and sand and wet blankets were used before the fire was brought under control.

Labor Day picnickers were blamed for the fire.

CHICAGO MAYOR WHO HAD NO SCANDAL SUCCUMBS

Chicago, Sept. 4.—(P)—William Emmett Dever, whose proudest claim was that no sign of scandal marked his four years as mayor of Chicago, died suddenly yesterday after a year's illness. He was 67 years old. His term of office, 1923-27, was sandwiched between the three terms of Mayor William Hale Thompson, who defeated him for re-election two years ago.

STIMSON SAYS ARMS EQUALITY IS NOT ASSURED

Secretary of State Reiterates Much Hard Work Necessary Before United States and Great Britain Can Reach Agreement on Navy.

Washington, Sept. 4.—(P)—Reiteration that much "hard work" would be necessary before the United States and Great Britain could reach an agreement on the question of naval equality was made today by Secretary Stimson.

President Hoover conferred for two hours early this morning with Secretary Stimson and a group of high ranking naval officers on the question of naval limitations.

Except the information that the discussion had to do with the proposed naval accord between the United States and Great Britain, nothing was divulged at the White House.

Besides Secretary Stimson, those attending the conference were Secretary Adams, under-secretary Cotton of the State Department and Assistant Secretary Jahnke of the Navy.

Admiral Hughes, Rear Admiral Long, Jackson, Chase, Hough and Reeves, Captains Johnson and Buchanan and Commander Train.

CYRIL TOLLEY DEFEATS HELD

JONES LOSES FIRST THREE HOLES TO OPPONENT IN TITLE PLAY

Pebble Beach, Calif., Sept. 4.—(P)—Cyril Tolley, British champion, signaled the opening of match play for the American amateur golf championship today by crushing Eddie Held of New York, holder of the Canadian title, 7 up and 6 to play.

The gallery got a terrific jolt when Bobby Jones, champion and favorite, lost the first three holes to Johnny Goodman of Omaha.

Cruiser Houston To Be Launched This Week End

Houston, Sept. 4.—(P)—Forty-nine Texans were aboard the special train which left here today for Newport News, Va., for the christening and launching of the United States cruiser Houston there Saturday.

E. Cressler of Brownsville, Republican national committeeman; Mayor Charles Brown of Mineral Wells, "Blue Shirt" candidate for Governor; Mayor Walter E. Monteith of Houston and Miss Charlotte Williams of Houston, great-granddaughter of General Sam Houston, were in the party.

Governor Harry Flood Byrd of Virginia, Sam Houston's native state, will be master of ceremonies at the christening. Miss Elisabeth Holcombe, of Houston, daughter of Oscar F. Holcombe, former mayor, will smash a bottle of ship channel water across the prow of the new \$17,000,000 cruiser.

Governor Dan Moody was unable to leave on the train because of business.

WEST TEXAS C. C. GROUP MEETING AT STAMFORD

A. M. Bourland, president-manager of the West Texas Chamber of Commerce, Grady Shipp, secretary of the Vernon Chamber of Commerce, and R. H. Nichols, member of the managerial advisory board, left this morning for Stamford where Mr. Bourland will discuss plans relating to the West Texas Chamber of Commerce annual convention with his board of advisers. It is possible that a definite program of events will be arranged for the convention, which meets in El Paso October 24, 25 and 26.

HIDALGO EXPENDITURES ARE DECLARED EXCESSIVE

McAllen, Texas, Sept. 4.—(P)—Charges of excessive expenditure of public funds in Hidalgo County were made at a good government meeting here yesterday. Between 2,500 and 4,000 persons attended the gathering.

Lindy Grows Up!

NEA Cleveland Bureau

These pictures illustrate how, in two years, the strain of being a world hero has transformed Colonel Charles A. Lindbergh from a care-free youth into a man, his face strengthened and hardened by the worries of his career. The two lower photos were taken at the time of Lindy's epochal flight from New York to Paris. Contrast them with the upper picture, snapped when he attended the National Air Races in Cleveland recently.

MEXICAN WAR VETERAN DEAD

LAST SURVIVOR DIES IN WASHINGTON AFTER BREAKING LEG

Washington, Sept. 4.—(P)—Taps have sounded for America's last survivor of the Mexican War. Owen Thomas Edgar of Washington, who became the lone veteran of the war of 1846 last June, the day before his ninety-eighth birthday, is dead.

Death, which came yesterday, was attributed directly to shock incident to a broken leg sustained in a fall about a week ago at the John Dickson home where he has lived for nearly ten years. He was born at Philadelphia and was a printer until his enlistment as a seaman. He served on the frigates Potomac and Allegheny.

He is survived by a daughter, a resident of Washington.

JURY SELECTED TO HEAR TRIAL OF MRS. PANTAGES

Los Angeles, Sept. 4.—(P)—Six women and six men had been selected as tentative jurors today to hear the case of Mrs. Alexander Pantages, wife of the theater magnate, charged with murder in connection with the death of Joe Rokamoto.

Mrs. Pantages is accused of driving in a reckless fashion while intoxicated. Rokamoto died from injuries received when the automobile which he was driving was struck by a machine piloted by the multi-millionaire theater operator's wife.

SEVEN THOUSAND NEEDLE WORKERS GO ON STRIKE

New York, Sept. 4.—(P)—Seven thousand needle workers, representing the embroiderer workers and the hemstitchers, pleaters and tuckers unions, went on strike here today in the first of a series of walkouts authorized by the International Ladies' Garment Workers Union. The strike is aimed at sweatshop conditions.

AIRPLANES SEARCHING FOR MISSING AIR LINER

Winslow, Ariz., Sept. 4.—(P)—Five airplanes of the Transcontinental Air Transport Lines took off here at daylight this morning flying in fan-like formation and covering a fifty-mile territory along their regular route to Grants, N. M., in search of the air liner City of San Francisco, missing since late yesterday.

REVISED TARIFF BILL IS PLACED BEFORE SENATE

Heated Contest Expected as Many Members Are at Disagreement Over Provisions as Session Opens for Its Consideration.

Washington, Sept. 4.—(P)—The revised House tariff measure formally laid before the Senate today as it assembled for actual business after a summer recess.

For weeks the measure has been under consideration by the finance committee. With the time for its discussion at hand many members are at disagreement over its provisions and a heated contest is expected.

Most of the Senators were in their seats, and the galleries were filled comfortably as Chairman Smoot submitted the bill.

Agreement was reached earlier in the day between the Republican and Democratic members of the finance committee that actual voting on amendments would be deferred until Monday, leaving the remaining days of this week for debate.

The committee previously had voted 11 to 8 to favorably report the bill, the ballot being along party lines.

The first voting skirmish is expected when Republican independents and some Democrats move to confine the tariff increases solely to farm products.

NAVAL PARLEY PROBE SOUGHT

BORAH REQUESTS INQUIRY INTO ACTIVITIES OF W. B. SCHEARER

Washington, Sept. 4.—(P)—Investigation by the Senate naval committee of the activities at the 1927 Geneva Naval Disarmament conference of William B. Schearer, who has alleged in court action he represented the interests of American shipbuilders at the parley, was demanded in the Senate today by Senator Borah of Idaho.

A copper box was provided in which were placed a Bible given by Dr. E. L. Moore, a list of the school faculty, trustees, copies of the school paper, a list of the 1928 edition of the Vernon Gridiron Lions, and numerous other articles.

The program was opened with the song, "America," and Dr. Moore led a prayer.

FARGO MAN GIVEN JAIL TERM IN CHICKEN THEFT

Jim Doss of Fargo community was sentenced to 100 days in jail on a charge of chicken theft in the Forty-Sixth District Court here Tuesday.

Doss pleaded guilty and asked for a suspended sentence. He was arrested on complaint of Ernest Emmet of Fargo community.

Doss was represented by J. V. Leak. W. N. Stokes, Jr., of Vernon made his first appearance before a jury in aiding District Attorney, John Myers in the case.

H. H. Hodge of Vernon was fined \$100 yesterday also on a charge of driving an automobile while intoxicated on January 27.

JOHN COOLIDGE WILL BE MARRIED SEPTEMBER 23

New Haven, Conn., Sept. 4.—(P)—John Coolidge, son of former President Calvin Coolidge, and Miss Florence Trumbull, daughter of Governor John H. Trumbull of Connecticut, will be married September 23.

The date, which the prospective bridegroom, at work in the operating department of the New York, New Haven & Hartford Railroad here, had declined to announce because he felt it the prerogative of his fiancée to do so, was made known yesterday with the issuance of formal invitations.

HUSBAND SLAYS WIFE AND MAN AS THEY SLEEP

El Paso, Texas, Sept. 4.—(P)—Mrs. Irene Waitt, 36, and Gordon Rose were slain last night in the Waitt home, and the woman's husband, H. F. Waitt, was held by police on his admission that he had beaten them to death with an axe.

Both were killed as they slept. Waitt is a member of the medical detachment at Ft. Bliss, and Rose was a soldier at Ft. Bliss.

The seven-year-old son of the couple was sleeping in the same room and was unharmed. Waitt gave himself up to officers.

MOODY NOT TO INTERFERE IN EXECUTION OF HELMS

Austin, Sept. 4.—(P)—Governor Moody will not interfere with the electrocution of Henry Helms, set for Friday, he announced today. Helms was found sane by a jury at Eastland Saturday. He was given the death penalty in connection with the attempted holdup of a Clisco bank in December, 1927.

SCHOOL CORNER STONE PLACED

BRIEF CEREMONY HELD AT HIGH SCHOOL GROUNDS THIS MORNING

The corner stone of Vernon's high school was placed this morning with a short dedication ceremony on the ground at 10:30 o'clock. The program was in charge of Superintendent W. T. Lofland who gave a short review of the building program of the school.

He recalled the dedication program at the corner stone of the present high school five years ago and told of the growth of over 800 students since that time indicating a growth of over 5,000 in population of the city.

J. O. Rouse, president of the school board, also gave a short talk on the program of the school board for city and county educational facilities. It was pointed out that the present high school plant with the completion of the new building will enable the city schools to take care of all county students coming to Vernon.

A copper box was provided in which were placed a Bible given by Dr. E. L. Moore, a list of the school faculty, trustees, copies of the school paper, a list of the 1928 edition of the Vernon Gridiron Lions, and numerous other articles.

The program was opened with the song, "America," and Dr. Moore led a prayer.

Regret Expressed for Outbreak in Palestine Area

Jerusalem, Sept. 4.—(P)—A deputation of Arabs from Hebron where 45 Jews, including 12 Americans, were massacred on August 25, today expressed to the director of the Zionist Anglo-Palestine Company regret for the trouble which occurred there.

Blame was placed on the governor of Hebron for not interfering after the first murder which occurred on the eve of the massacre. The mob interpreted his attitude as encouragement of lawlessness.

When Hebron Arabs brought vegetables and cattle to the Jerusalem market as usual yesterday Jews steadfastly refused to buy the products. Prices dropped rapidly, and the Arabs were compelled to sell to Jerusalem Arabs at very low rates or take their goods home.

Colonel Kish, chairman of the Palestine Zionist Executive, who returned duty on his return from Europe yesterday, has started an investigation trip through the country.

NEW JUDGE TO BE NAMED IN BORGER COURT DISTRICT

Borger, Texas, Sept. 4.—(P)—Appointment of E. J. Pickens of Canadian to the Eighth-Court District bench was expected today, following announcement last night that Newton P. Willis, incumbent, had sent his resignation to Governor Moody. Willis expects to enter a Pampa law firm.

It was understood the appointment of Pickens would be made as soon as he could qualify.

ROBISON GIVEN FIGHTING CHANCE TO RECOVER

New Haven, Conn., Sept. 4.—(P)—Physicians today gave J. T. Robison, Texas Land Commissioner who is ill here, "a fighting chance for life," following a sinking spell yesterday which came at what the doctors considered a crisis in the case.

Robison fell ill while on his vacation.

SEARCH UNDER WAY FOR AIR ROUTE LINER

Major Wood Apparently Died at Controls of Monoplane When It Exploded—T. A. T. Plane Carrying Five Passengers Unreported.

Los Angeles, Sept. 4.—(P)—Major John P. Wood, wealthy air mail pilot and transport executive, went to his death at the controls of his racing monoplane as it exploded in midair early Monday morning.

His body was found in the wreckage today 25 miles northeast of Needles, Calif.

"Landed at wreckage. Body in plane. Death instantaneous. No fire, but explosion."

That was the wire received today by Paul E. Richter, Jr., of the Aero Corporation of California, here today, from Pilot Burrell Smith of the searching airplane sent from here.

TRAFFIC SUSPENDED TO HUNT FOR MISSING PLANE

Albuquerque, N. M., Sept. 4.—(P)—The Transcontinental Air Transport Company today suspended air travel on its line between Waynoka, Okla., and Winslow, Ariz., to place all planes at Waynoka, Clovis and Winslow in the search for the T. A. T. plane carrying five passengers which was lost yesterday somewhere west of Grants, N. M.

Changed Course.

Winslow, Ariz., Sept. 4.—(P)—Manger L. C. McGill of the T. A. T. field here received a report today from the train dispatcher at Gallup, N. M., that a Santa Fe switchman reported seeing the missing T. A. T. air liner at 11:45 a. m. yesterday at Old Defiance, near the New Mexico-Arizona line.

Old Defiance is 165 miles west of Albuquerque, N. M.

The switchman, Joe Gallie, reported the plane flew directly over his home at an altitude of approximately 1,000 feet and while he watched it, changed its course and headed south. This information was broadcast to searching planes by radio from the Winslow field.

BECKY GOES TO TRIAL MONDAY

ENTIRE STAFF OF MENTAL EXPERTS TO SUPPORT INSANITY PLEA

Fort Worth, Sept. 4.—(P)—Thirteen experts on mental diseases, including the entire official staff of the San Antonio State Hospital, will be summoned for Mrs. Rebecca Bradley Rogers' robbery with firearms trial scheduled for Monday at New Braunfels. This was stated today by Leo Brewster, one of her attorneys. These witnesses will be used in connection with the defendant's plea of insanity.

The witness list will total 43 for the defense and will include 25 Fort Worth persons. Mrs. Rogers, born and reared in Fort Worth, and a former University of Texas student, is charged with robbery of the National Bank at Buda, south of Austin, 1926. A reversal occurred in a previous trial in which a conviction resulted.

BRITISH SCHNEIDER CUP RACE PLANE DAMAGED

Calshot, England, Sept. 4.—(P)—The S-6 one of Great Britain's greatest hopes for retaining the Schneider cup race title in the international seaplane races Friday and Saturday, was badly damaged today when flying officer Waghorn landed the craft too near a freight lighter in the solvent.

While the plane drifted rapidly, Waghorn climbed out of the cockpit to one of the floats and kept the plane from coming into serious collision. A tug came to the rescue of the S-6 and towed the plane to the Calshot air station where the port wing was found badly damaged. A new one probably will be needed.

NOMINATIONS BEFORE SENATE

FARM BOARD SELECTIONS OF PRESIDENT HOOVER TO BE PASSED ON

Washington, Sept. 4.—(P)—A group of nominations including those of the Federal Farm Board members were sent to the Senate today by President Hoover.

Other nominations included those of John W. Garrett of Baltimore to be ambassador at Rome; Garrit John Dickema of Michigan to be minister at the Hague; George T. Summerlin, of Louisiana, as minister to Venezuela; Major John R. D. Matheson, of the engineer corps, to be a member of the California debris commission. The President also sent the name of Albert C. Williams of Texas to be a member of the Federal farm board. This is a reappointment.

The farm board nominations were headed by that of Alexander Legge of Illinois, who has been designated chairman of the board. It was presented along with Charles C. Teague, of California, for a one year term. William F. Schilling, of Minnesota, and Sam R. McKelvie, of Nebraska, were presented for two year terms; C. B. Denman, of Missouri, for three years; Charles F. Wilson, of New York, for four years; James C. Stone of Kentucky for five years and Carl Williams of Oklahoma for six years.

Brigadier General Smedley D. Butler also was nominated as a temporary major general in the marine corps, Colonel John T. Myers, for a brigadier general in the marine corps, and Colonel Cyrus S. Radford, to be quartermaster general of the marine corps with the rank of brigadier general.

Brigadier General Frank R. McCoy, who was in charge of the Nicaraguan elections, and is now head of the Paraguay-Bolivia commission of conciliation and inquiry, was nominated to be a major general.

MONTEITH DENIES OFFER OF APPEALS BENCH PLACE

Beaumont, Sept. 4.—(P)—A denial he was considering resigning at reported in a Houston dispatch was made by Mayor Walter Monteith of that city aboard a special train en route to Newport News, Va., as it passed through Beaumont today.

The report of his purpose to resign was based on the belief the mayor would be offered a place by Governor Dan Moody on the commission of appeals. Mr. Monteith said he had not received such an offer and was not presuming he would.

"If I am made an offer," he added, "I will consider it, of course."

Robert Schultz, employee of the Phillips Petroleum Company of Rock Crossing, sustained a broken leg yesterday afternoon when a tractor on which he was working overturned. He was brought to a local hospital for treatment.

POLICE BRIBE CHARGE PROBED

INFORMATION READY TO BE GIVEN GRAND JURY IN LOS ANGELES

Los Angeles, Sept. 4.—(P)—Stories of alleged bribe-taking by Los Angeles policemen accused of being members of a "shake-down ring" and information concerning two unsolved murder mysteries were ready for presentation to the county grand jury here today by investigators who have spent four days gathering evidence.

J. B. Westman, alias Harry D. McDonald, brought the sensational charges against the officers in a confession of his activities as a vendor of illicit liquor under the cover of operating a Turkish bath house here.

Arrested last Friday by Federal prohibition agents, Westman declared he was "fed up on shake-downs," and said he had paid out the profits of his establishment over a long period of time at the demands of policemen. He named a captain, two lieutenants and other members of the Los Angeles vice squad as persons promising protection from the law.

Investigators of the Federal prohibition office here later declared 62 policemen had been named as members of the "shake down ring."

TEXAN FLYING TO SICK WIFE

PRESS LEAGUE MANAGER TAKES FAST SHIP IN GOTHAM FOR HOME

New York, Sept. 4.—(P)—S. S. Papert, manager of the Texas daily press league, took off in a fast biplane from Roosevelt field today to fly to the bedside of his wife who is seriously ill in Dallas, Texas.

Papert was in New York on business when notified of his wife's illness and within three hours was a passenger of John Austin, pilot, on a hop to St. Louis, the first leg of the journey. An over-night stop was to be made in the Missouri city. Papert hoped to make Dallas in 14 hours flying time.

A Chevrolet sedan owned by Mrs. George O'Banion of Vernon was destroyed by fire this morning about 10 o'clock. The car was parked in a garage at 2030 Wheeler Street. The garage was also destroyed. No insurance was carried on the property. The fire was discovered blazing from the garage by Mrs. O'Banion. The garage was owned by Mrs. M. K. Byrd.

New York, Sept. 4.—(P)—The cotton market opened steady at a decline of 1 to 3 points in response to relatively easy cables. There also seemed to be some southern selling as well as realizing.

December eased off to 19.66 and March to 19.90, but offerings were readily absorbed, and the market turned steadier. By the end of the first half hour active months were 3 to 6 points net higher with December selling around 19.72.

The first flash of the weekly weather report brought in a spurt of buying, but its bullish features appeared to have been discounted and the advance to 19.74 for December and 20.00 for March met a good deal of realizing. This was promoted by talk of better prospects for showers in Texas, and the market which had sold about 4 to 9 points net higher on the mid-morning bulge reacted rather sharply late in the morning.

By mid-day December had reacted to 19.51, with the general market showing net losses of about 14 to 19 points.

New Orleans, Sept. 4.—(P)—The cotton market opened easy in sympathy with lower cables than due. Initial trades showed losses of 5 to 7 points, but continued absence of rain in the drought section induced enough demand to check the decline.

A bullishly construed private estimate of 14,998,000 bales strengthened the market, and October traded up to 19.33, December 19.63 and January 19.69, or 6 to 8 points above opening figures and 1 to 2 points lower too, influenced by wheat and

over yesterday's close. At the end of the first hour the market was quiet and fluctuated within the early range.

Although the weekly weather and crop summary was unfavorable as a whole the market turned easier during the second hour owing to a forecast for showers in the western belt. Liquidation by western interests and hedge selling helped the decline which carried October off to 19.10, December 19.39 and January 19.48, or 22 to 26 points down from the early highs. At mid-session the market was quiet and at or near the lows.

CHAMPIONSHIP BATTLE UNDER WAY AT PEBBLE BEACH

BREEZE GIVES CONTESTANTS REAL TEST ON SECOND DAY OF PLAY, JONES IN TIE FOR LEAD

Pebble Beach, Calif., Sept. 4.—(P)—The boys have come out of the qualifying trenches, and it's a man-to-man battle from now on for the amateur golf championship.

Led from the wind-blown hazards of Pebble Beach by Bobby Jones and Gene Homans, who tied for medal honors with totals of 145, one over par, in the 36-hole qualifying skirmish, the 81 survivors were paired for the elimination match play today. Two 18-hole rounds faced the reduced field of title contestants which by nightfall will be abruptly paired to a select eight for the quarter finals tomorrow over the 36-hole route.

Although outplayed first by a college boy from the University of California at Los Angeles, Gibson Dunlap, on the opening day of the qualifying competition, and then held to even terms after 36 holes by another collegian, Eugene V. Homans of Princeton, Bobby Jones began the main struggle for the defense of his crown without any shift in the odds in his favor. The champion drew the young Omaha star, Johnny Goodman, who qualified with 157, for his first round opponent, with the prospect that he would be called on in the afternoon to battle the long-driving California entry Phillips Finlay, hero yesterday of as dramatic a comeback as the qualifying round has ever witnessed.

Homans, son of a former famous Princeton football player, was bracketed with Fay Coleman of Culver City, Calif., while Dunlap, hero of

the opening day, drew Clarence Hubby of Dallas. The first match today brought together two outstanding stars in Cyril Tolley, British champion, and Eddie Held of New York, holder of the Canadian title, who was forced to play-off for the right to continue in the tournament. Another star attraction involved George Von Elm of Detroit, champion in 1928, and Chandler Egan of Medford, Ore., title holder in 1904-05.

Pebble Beach, on a breezy day, gave the field a real taste of its terrors as the qualifying round was concluded. After the battle was over, the score board not only showed a succession of narrow escapes for a good share of the favorites, but a casualty list that included such conspicuous names as Chick Evans, two-time title former champion, Ross Somerville, and Don Carrick, former Canadian title holder, and three ex-holders of the Western Amateur title—Bon Stein of Seattle, Frank Delp of Portland, and Keefe Carter of Oklahoma City.

The far west yielded medal honors to the east and south but captured a majority of the 32 qualifying places for the first time in the tournament's history. The surviving list included 17 far westerners, of which California contributed 11, Oregon 5, including two of the foremost contenders in Moe and Willing, and Washington, one. The east had six, the midwest four, and Great Britain three of the remainder, with one each to carry the banner of the southwest and south. But the lone Dixie entry happened to be Robert Tyre Jones, Jr., of Atlanta, Georgia, winner four times in the last five years.

Four Wichitans Remain in Golf Tournament Play

Wichita Falls, Texas, Sept. 4.—(P)—Four Wichita Falls golfers, two from Dallas and one each from Monday and Tuesday faced each other today in the quarter-final round of the annual invitation tournament of the local country club.

Tommy Cochran, veteran of many campaigns and former state amateur champion, with Fred T. Crouper, Jr., L. T. Burns and Morris Norton formed the home town Phalanx.

Gus Moreland and Jack Jackson of Dallas, Bob Alexander of Monday and Jack Parr of Tuesday were the out of town challengers.

McCarthy Admits His Club Likely to Win Pennant

Chicago, Sept. 4.—(P)—Manager Joe McCarthy has broken his silence regarding his Cubs chances of winning the National League pennant. He thinks they are "in."

"I don't think there is any doubt about us mixing with those Athletics in the World Series now," McCarthy admitted after studying the past months record and the future schedule.

"The Labor Day games are over and we are out in front by 12-1-2 games. The boys came back in great style after the Pittsburgh slump and now have won four games in a row. That proves they have championship mettle and I think I can safely say we are in."

Jones Shows Tolley How To Play Links; Shoots Pebble Beach in 67

Playing in an international foursome the other day, in which he was paired with Jimmy Johnston of St. Paul against the two British players, Cyril Tolley and Eustace Storey, Bobby Jones shot a 67, five under par, establishing a record over the Pebble Beach links, scene of the national amateur championship tournament. Tolley, whose play on links has been so good this year he was regarded as a formidable threat at Pebble Beach, took a 79. The picture shows Jones, left and Tolley at Pebble Beach.

Cubs Need Sixteen and Athletics Eleven Victories to Make Certain Chicago-Philadelphia World Series

(By the Associated Press)
With the two pennant races settled beyond the doubts of even the most hopeful Pirate and Yankee supporters, the Cubs and the Athletics now turn to a pursuit of the mathematical certainty through the stretch.

The chase should not be long. A survey of the standing of the clubs shows the Cubs need sixteen victories and the Athletics eleven to assure another Chicago-Philadelphia world's series even in the face of a possible clean sweep by the runners-up clubs. The Mackmen have 23 more games to play and the Braves 27.

Since a defeat for a second-place team also counts toward the victories needed by the leaders, neither of the coming champions should require more than ten days or two weeks at the most to settle the argument. It is the first time in many years that both races have been in line for such early decision in the same season.

When George Earnshaw speared his twentieth victory at Philadelphia yesterday, 10 to 2, with the Yankees on the receiving end, he placed his team just fourteen and one-half games to the good. He also clinched the season's series against the champion, as the third straight in the holiday engagement gave the A's a record of twelve games won and only eight lost in play with the Yanks, with two more to be decided.

With nothing whatever at stake, the Red Sox and the Senators played a spirited game at Boston, with the Senators on top 10 to 5 at the finish. The victory gave the Washington clan the edge in the series by two games to one.

Midland Holding One-Game Lead in Title Series

Coleman, Texas, Sept. 4.—(P)—With the West Texas League title in their grasp, the Midland Colts were here today for what may be the deciding game in their championship series with Coleman.

Midland went into the lead in the seven game series yesterday by winning 6 to 2. The Colts now have 3 victories to 2 for Coleman.

Gene Moore won his second game of the series yesterday when he let Coleman down with seven hits.

Wichita Falls' Forfeited Game Ruled No Contest

Dallas, Sept. 4.—(P)—Because the overt act for which Monday's Fort Worth-Wichita Falls game was forfeited to Fort Worth by the umpire apparently was the act of an irresponsible player and no team collusion was shown, William B. Ruggles, acting president of the Texas League, has thrown the game out of the records as "no contest."

Umpire Cecil Grigg forfeited the second game of the double header at Fort Worth when he charged Manager Jim Galloway had changed pitchers to delay the game and outfielder Gullie failed to field an easy fly ball. This failure and the change of pitchers took place just as it was getting dark, while the game was in the fourth inning and while Wichita Falls was behind. The umpire felt an effort was being made to force him to call the game before the legal minimum had been played so the game would not count.

Ruggles held Galloway had a legal right to change pitchers, however open to criticism on the grounds of sportsmanship the maneuver might have been. He left any disciplinary action that might be taken on Galloway to the Wichita Falls club.

Gullie, evidence placed before Ruggles showed, maintained he failed to catch the fly because of the dusk, and because someone said, as he tried to catch it, "drop the ball." Had he caught the ball it would have retired the home side and the fifth inning would have started, but the umpires agreed it could not have been finished.

The acting president ruled it was unfair to credit a team with losing a game which neither team could have won anyway, because of an irresponsible act of a player. He announced the league would insist that a \$50 fine levied against Gullie be paid. Ruggles made it clear the umpire was right in forfeiting the game and his action was set aside only after investigation which was impossible at the moment.

SPUDS ADMINISTER OLD-TIME COUNTRY LICKING TO STEERS IN SERIES OPENER AT DALLAS

(By the Associated Press)
Up Wichita Falls way they think so well of the Spudders' chances of winning the current chase the Chamber of Commerce is offering attractive round-trip rates to the three southern cities which still have a chance to participate in the Dixie series.

From the manner in which the Oilers poured it on the Dallas Steers in their series opener yesterday—18 to 1—there is every indication the Chamber of Commerce knows what it is about. If ever a club was given a country licking, the Spudders administered one to the first half champions.

Doubleheaders in four cities today will effect the final evacuation of southern territory. Starting tomorrow, the four northern outfits will be in their home orchards until the race ends a week from Sunday. Houston, only club given a chance to beat the Spudders to the tape, finishes on the road. The Buffs have won 23 and lost 41 games on foreign soil so far, which may be indicative of something or other.

Outside of the luster of whatling the Spud batting from top to bottom, the feature of the debacle was the sterling pitching of Jack White, husky young right-hander whom the leaders hauled in from Abilene a month or so ago. White held the Steers to eight blows and blanked them after the first chapter.

The Buffs pounded 12 hits off Lefty Stiel, just sold to the St. Louis Browns, to down the Exporters, 4 to 1. One was a homer by Hack Miller. Paul Wachtel, who was pitching in the Texas League before Stiel was baseball conscious, limited the Shippers to six safeties, all singles.

Despite a five-run rally that drove Whitworth to cover in the eighth, Shreveport dropped its opener to the Cats, 8 to 7. Ernie Holman, Sport siege gun, whiffed in the ninth with the bases crammed and two out.

The Cats, incidentally, are without a leader, Frank Snyder and Ted Robinson, club president, having left for

a tour through the player marts of the north and east.

George Blackberry blasted his 29th and 30th four-baggers as the Cubs maltreated the Indians again, 16 to 7. Sanguinet hit his 28th. It was Caldwell's 20th victory.

Texas' Only Hope in Amateur Has Difficult Task

Pebble Beach, Calif., Sept. 4.—(P)—Clarence Hubby of Waco, Texas' only hope in the National Amateur Golf Tournament, faced the toughest campaign of his life here today as first round matches got under way.

Today Hubby must beat Gibson Dunlap of Los Angeles, who broke a course record Monday to beat Bobby Jones' medal score by one stroke in the first half of the qualifying round. In case of a win today, however, Hubby's lot would still be a tough one. Francis Quinnet, former champion probably would be his opponent, and should he clear that hurdle Bobby Jones would be his probable foe.

Six other Texans failed to get past the qualifying rounds. Gibson Payne of Dallas came closer than other members of the sextette with an 162. Dennis Lavender of Abilene and Charles Dexter of Dallas, the reigning Texas champion and one of his predecessors, turned in 167 each. J. J. Ballard, Jr., of Fort Worth scored 170 even and Al Barber of Waco had 186. No score was available for Alvin Herold of Dallas.

THE LOSS OF FORESTS

It is not a pleasant picture that is painted for American citizens by Major George P. Ahern, one of the country's greatest forestry experts, in his recent pamphlet, "Deforested America."

Reviewing the rapid destruction of our timber reserves, Major Ahern estimates that in 25 years, at the most, the last of our privately-owned forests will be gone. The nation will have to import practically all of its lumber supply, prices will go sky-rocketing and the farmer, whose means will not permit him to build of brick or steel, may actually have to go back to the primitive adobe for construction purposes.

The forestry expert does the entire country a service in emphasizing the peculiarly wasteful way in which the nation has provided itself with lumber. It is for us to profit by his warning and conserve our timber not only for those that are to follow after us, but for our later lives as well. This is not a case of saving for others, but one of planning for our own best interests as well.

Only a few decades ago vast forests covered Michigan, Wisconsin and Minnesota. The loggers moved through those states inexorably, and today their timber stand is gone. Operations now center on the Pacific Coast; and there the story of the middle west is being repeated.

Proper reforestation methods, if adopted, could insure an ample supply of timber for future generations. But these are not being adopted by the lumberman, according to Major Ahern.

To make matters worse, the Government-owned forests are suffering terrible destruction by forest fires. In 1920 forest fires burned over 3,800,000 acres of timber land; last year the figure had risen to the amazing total of 34,000,000 acres. Congress, says the forestry expert, refuses to appropriate enough money to provide the proper protection.

The picture the expert paints is a dismal one. Allowing for some over enthusiasm that may be engendered by one personally interested, it is still a matter for concern. The way the nation has wasted its timber is a disgrace, and the waste will be felt in later years. In this age when it is possible to develop substitutes for almost everything, lumber is still needed. We should not permit the supply to disappear without an effort.

THE FIRST STATE BANK
Vernon, Texas

steadily during recent years, all doubts must be removed by The Index, a magazine published by the New York Trust Company. It contrasts life in America today with that in 1924, quoting statistics and even the most restless person must be interested in the figures quoted. The tremendous change, marked by the advancement of the average American, that is to say the so-called common people, is graphically illustrated.

For instance, since the war the American public has spent more than \$21,000,000,000 for luxury and diversion. At the same time the public has received free from the state in public services, such as education, recreation, sanitation and charity, an amount which has increased from \$859,000,000 in 1915 to \$2,800,000,000 in 1926.

The rise in the average standard of living reflected by these figures is almost unbelievable, but statistics on food supplies shows a similar upward trend in the purchase of the necessities of life. Milk consumption, for example, has risen 33 percent since 1919, although the population has increased but 11 percent. Per capita consumption of sugar has gone up from 88 pounds in 1914 to 113 pounds in 1927. Candy sales have more than doubled in that period; ice cream manufactures have increased six-fold. The sale of fresh fruits and vegetables, also, have gone up rapidly.

These figures bespeak a tremendous advance in American life. They mean vastly more than the fact that business has been good. They indicate that the average American is able to buy many of the luxuries of life that have been denied him for ages. He is able to buy the foods that he has always craved, and the conveniences that in the past have been almost unbelievable are now within his grasp.

There can be no argument that the average American has much more in the way of comfort and luxury

than ever before in history; and the factor of greatest importance is that he is financially able to have these things. They are within the means of the average laborer in our scheme of things.

THE New BUICK

New Road shock Eliminator .. and New Steering Gear

make Buick the easiest car in the world to drive!

The road shock eliminator—built into the front of the frame on the steering gear side—absorbs every jolt and jar arising from road inequalities, and thus prevents their transmission to the steering gear and the driver's hands.

Imagine being able to travel the roughest road with your hands resting lightly on the wheel! Think of having an automobile which you can drive all day at any speed without feeling a single road jolt transmitted through the steering wheel!

Such are the fine results of two matchless new quality features in the 1930 Buick—two features which add to this car's appeal as the greatest dollar value of the day: a wonderful new frictionless steering gear, and the new Buick road shock eliminator!

The new Buick steering gear, of the effective worm-and-roller type, moves with incomparable ease throughout its entire turning range, assuring instant, effortless response to the driver's every wish.

Come drive this new Buick. Head for the road you ordinarily avoid as too rough for comfortable travel. Test these twin features of comfort which make the new Buick the easiest steering car in its field!

League Unable to Solve Optimism on Arms Program

Geneva, Sept. 4. — (P) — Premier Ramsay MacDonald was asked today to clarify his statement that only three points were outstanding of 20 or more to a complete naval reduction accord between the United States and Great Britain.

A spokesman replied he was unable to do so and explained the Premier was the only man in England outside General Dawes, the American Ambassador, who actually knew what was going on in the naval conversations.

The Premier's optimistic references yesterday to the nearness of a complete agreement between the world's two great naval powers was most mystifying to delegations of other countries here and to the countrymen of the British Premier themselves.

Some French newspapers, and the press of other countries, have insisted recently the conversations have not made such progress as had been ascribed to them, but from the Premier's words it was gathered an accord practically was on the verge of conclusion.

Hoover Ends--

(Continued from page 1) includes the politically all-important subject of prohibition. Another commission is at work upon the problem of improving the conditions under which the American child is reared and will report at a White House conference called by the President for some time within the next year.

A farm relief law embodying the ideas of the President has been approved by the Congress. In the process of its being placed upon the statute books, Mr. Hoover found himself for the first time at odds with the National Legislature. The Senate went contrary to the President's wishes by approving the export de-benture scheme and after terming the vote a menace to all farm legislation, the Chief Executive called Congressional leaders into conference at the White House with the result that the bill, as he wished it, became a law within the week.

They Had to Shoot It to Kill It!

This 605-pound jewfish was captured in Florida waters near Jacksonville by J. T. Faulkner, right, ex-cowboy from Texas, who landed it after a battle of one hour and 40 minutes. A rifle shot through the head killed the fish after it had been dragged ashore. At left is Nelson Sprock, who was fishing with Faulkner when the catch was made.

Commissions to Study Issues in Palestine Rioting

Jerusalem, Sept. 4. — (P) — Forty-eight Arab leaders from all parts of Palestine, comprising the Palestine Arab Executive, have been summoned to meet in extraordinary private session in Jerusalem tomorrow to consider recent developments in the Holy Land.

Publicity regarding the meeting was suppressed, but in some quarters it was felt it would afford opportunity for open airing by indignant Moslem chieftains of the resentment aroused in them by certain recent events.

News of the impending meeting emerged shortly after it was learned here the British Government had ordered a special Palestine Commission headed by Sir Walter Shaw, former chief justice of the Straits Settlements, to make an inquiry into Arab-Jewish clashes, beginning its task this month.

WASHINGTON RESERVED ON NAVAL NEGOTIATIONS

Washington, Sept. 4. — (P) — Optimism over early settlement of the Anglo-American naval problem, as expressed by Prime Minister MacDonald in his address before the League Assembly was received by Washington officialdom with some reserve.

While the only official comment on the question was made by Secretary Stimson, who said hopeful progress has been made toward an agreement between the United States and Great Britain, the attitude in official circles here is that much time must be spent in working out important details in the problem.

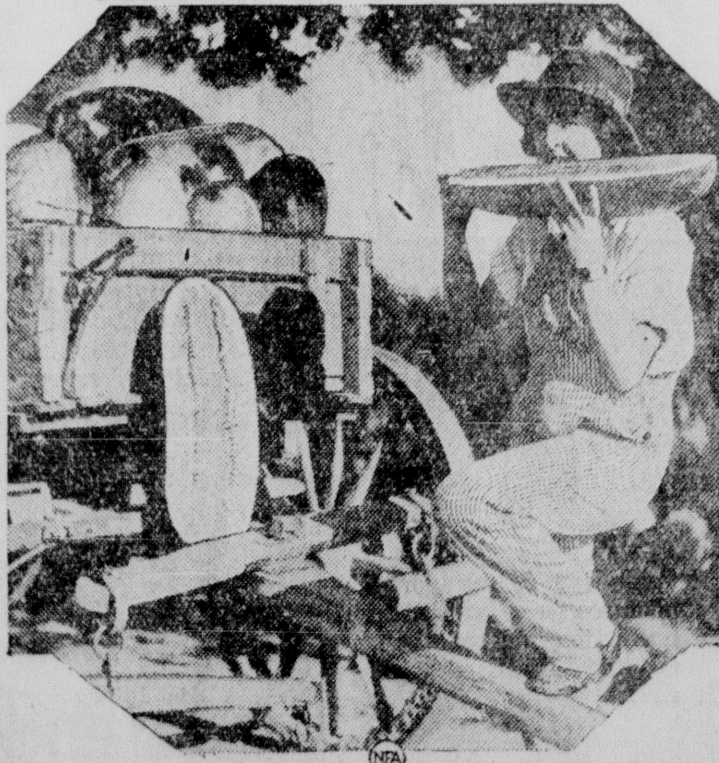

ENDURANCE PLANE DRONES ON TOWARD NEW RECORD

Chicago, Sept. 4. — (P) — The "Chicago-We Will" droned monotonously in wide circles over the Sky Harbor Airport today in its quest for the refueling endurance record. At 4:31 a. m. the plane passed the 281 hour mark, and the sound of its motor, ground mechanics said, indicated everything was well.

Russell Mossman and C. E. Steele, pilots, dropped a note commenting on yesterday's heat, and reiterating their intention to beat the 421 hour record held by the "St. Louis Robin."

Man Shoots Self, Leaves Coroner Note of Apology

Houston, Sept. 4. — (P) — Leaving a note to the coroner in which he apologized for getting the coroner out of bed so early and writing another note to the operator of the hotel in which he was rooming stating he was "sorry to make all this fuss at your place," a man fired two shots into his head here today.

He gave the name of Glenn Atwell Traudale, 46, of Winnemucca, Nev. He said his act was the result of his home having been broken up and referred to the pistol with which he shot himself as "Old Betsy, who has killed many coyotes up in Nevada."

The man had a bullet wound in his forehead and another in the chin. He was not expected to live.

German Queen--

(Continued from page 1) crossing from Lakehurst of 55 hours, 24 minutes completed August 10 over a course of 4,200 miles.

Aboard the Zeppelin were 22 passengers and a crew of 40, headed by Captain Ernst Lehmann. For the first time in the history of the Zeppelin's major voyages, its master, Dr. Hugo Eckener, remained in America on business after the world trip ended at Lakehurst.

Same for some wide maneuvering in the region of the Azores the trip eastward from Lakehurst was without special event, the ship striking for Cape Finisterre, Spain, from the Azores region, skirting the Spanish coast, to Santander, and striking thence for Bordeaux, France.

It was the first time weather conditions had permitted the central French route for the Graf. From Bordeaux, the Zeppelin cruised northward across Limoges and Dijon, France, and Basle, Switzerland, striking across Lake Constance and toward home as the rising sun stared it in the face.

HOUSTON MAYOR MAY BE NAMED TO APPEALS BOARD

Houston, Sept. 4. — (P) — The Houston Chronicle said today that Mayor Walter E. Monteth will resign to accept an appointment to a vacancy on the commission of appeals of the Texas Supreme Court, "it was learned from authoritative sources Wednesday."

Governor Dan Moody has committed himself to the appointment of the mayor, and friends of Monteth say he will accept, the Chronicle states. Mayor Monteth has served as a judge here for 13 years.

Miss Leggett of Wellington Will Be Home Agent

Miss Doris Leggett, of Wellington, will succeed Miss Emma Gunter as County home demonstration agent of Wilbarger County, according to an announcement made today. Miss Leggett will arrive in Vernon Friday to prepare to take up active duties Monday, September 16.

Miss Gunter's resignation, which was tendered last month, will become effective on September 15, when she leaves to attend college and complete work on a degree.

Miss Leggett will be introduced to the members of the rural clubs Saturday and visits will be made next week by Miss Leggett and Miss Gunter to the South Vernon Club and Elliott Club. The two agents will center their attentions the latter part of the week on the Club fair, which will be held in the court house Friday and Saturday.

Miss Leggett was a graduate of Canyon State Normal College last June and was a teacher of home economics in Wellington schools last year.

Weddings Become Solemn Affairs in Capital Again

Washington, Sept. 4.—(AP)—Capital brides are setting a solemn, sedate pace in their marches to the altar. Weddings again are becoming stately ceremonials.

Mad post-war days, with their hurried weddings and brides in simple traveling dress, are about over. The short-skirted bride with scant veil has disappeared. Solemnity is the order of the day and pure white lilies the flowers of the hour. Veils, some of them entirely covering the face, sweeping trains and ivory prayer books are the choice today.

Church weddings with the subdued

light of stained glass windows and the majestic roll of the organ are fit accompaniment to this demure and dignified mood.

The Bethlehem chapel of the Cathedral of St. Peter and St. Paul was chosen by Miss Diana Cumming, daughter of the surgeon general of the United States and Mrs. Hugh S. Cumming, for her marriage to Manville Kendrick. The bridegroom is the son of Senator and Mrs. John B. Kendrick of Wyoming. The wedding was followed by a reception at the Washington club.

Miss Francesca Braggiotti, daughter of Isadore Braggiotti, was fortunate in having a wedding gown which had been worn by her late mother. It was of white satin. The long court train was edged with beautiful old lace. Miss Braggiotti married John Davis Lodge, a grandson of the late Senator Lodge.

Mills-Lackey Wedding Is Announced Here Today

The announcement of the marriage of Mrs. Della Mills, of Vernon to Sylvester Lackey, of Broken Bow, Okla., which took place in Frederick, Okla., Friday, was made here today. The couple were married by the Justice of Peace of that city. They were accompanied by O. B. Glass, brother of the bride, and his wife. Mr. and Mrs. Lackey will make their home in Vernon.

Miss Lacy Entertains Sunday School Class With Picnic

Miss Annie Lacy entertained members of her Sunday School class of the First Methodist Church with a picnic on the church lawn Tuesday afternoon. A short business session was held at the first of the entertainment, after which games were played and a picnic lunch and soda pop were served.

Those present were: Bernadine Owens, Billie Marie Myers, Mae Ethel Byrd, Vera Ballard, Erma Aleene Nichols, Gladys Lacy, Betsy Ann Nichols, Bertha Abbott, Betty Maxfield, Dorothy Wheeler, Peggy Herald, of Wichita Falls, and the teacher, Miss Lacy.

Baptist Junior Department Is Entertained With Party

Members of the Junior Department of the Baptist Sunday School were entertained by the teachers and officers of the department with a social on the church lawn Tuesday evening. Games were played during the evening, after which refreshments were served.

Mrs. A. D. Hays, superintendent of the department, Mrs. R. G. Hughes, chairman of the social committee, and Mrs. W. W. Anderson, chairman of the refreshment committee, assisted by the other officers and teachers directed the entertainment.

SCHOOL OPENS AT HARROLD ON SEPTEMBER 11

**Seven New Teachers Employed
This Year to Take Care of
Increased Enrollment—New
High School To Be Ready by
November 1.**

The 1929-30 school term at Harrold will start September 11, according to an announcement by H. B. Boswell, superintendent. Harrold teachers will attend institute at Vernon September 9 and 10 and school proper will start on Wednesday.

A new high school building is being constructed at Harrold and will not be completed before November 1, but all pupils will be taken care of until the new building is completed.

Due to the increased number of pupils in the past year seven additional teachers have been added for the year 1929-30. This rapid increase is due to development of the Consolidated and Grayback oil fields, and to consolidation with the Ronda and El Reno common school districts. Three trucks will be used to transport students from the oil fields for the next year.

The high school faculty for the term 1929-30 is composed of the following teachers: H. B. Boswell, superintendent and vocational agriculture;

British Planes Roar In Schneider Tests

The Supermarine S-6, shown in flight and on its truck, is England's leading entry for the Schneider cup races September 7. Prominent among the pilots from whom will be chosen the British three-man team are Flight Lieut. D. D'Arcy Greig (upper left), Squadron Leader A. H. Orlebar (upper right), and Flying Officer R. L. R. Atcherley (below).

Calshot, Eng., Sept. 4.—(P)—This air station on the Solent has been echoing for weeks with the roar of seaplanes tuning up for the Schneider cup contest.

The Schneider races, scheduled to be flown over waters near here September 1, although the Italians have requested a postponement, are drawing the swiftest sea birds of three nations—Great Britain, the United States and Italy.

Spectacular in flight is the leading British entry, the Supermarine S-6, which has attained a test speed estimated between 320 and 350 miles an hour with Flying Officer R. L. R. Atcherley at the controls. Its speed is difficult to estimate from the ground as it moves so fast that observers lose the position.

Choice of three fliers to man the British ship will be made August 31. All of the six pilots of the high speed flight from which the three will be selected are aviators of distinguished records.

Atcherley was a pilot of No. 29 fighter squadron, and early this summer won the King's cup air race. Squadron Leader A. H. Orlebar joined the flying corps in 1916, flew with a bombing squadron and in Iraq, and was awarded the air force cross in 1921.

Flight Lieutenant D. D'Arcy Greig was in France in 1918, with the Royal Air Force in Iraq, received the distinguished flying cross in 1921 for services in Mesopotamia, and in a test flight here last year piloted his plane at 319.57 miles an hour.

Flight Lieut. G. H. Stainforth saw world war service and later served with the R. A. F. in Egypt. Flying Officer H. R. D. Waghorn, a fighter pilot with No. 17 Squadron, has been an instructor at the Central Flying School.

Flying Officer T. H. Moon saw world war service as an engineering officer. He became technical officer in the R. A. F. and has served in

Egypt, Iraq and other parts of the middle east.

Another man whose interest in the international speed battle will be as keen as if he were piloting one of the bullet like monoplanes is R. J. Mitchell, designer of the ships.

Mitchell joined the Supermarine Aviation Works in 1917 and three years later became chief engineer and designer for the concern. It was he who designed the Supermarine Sea Lion that won the Schneider cup in 1923, and the Supermarine Napier S-4 which broke the seaplane speed record in 1925.

The two other British planes built for the Schneider race were designed by H. P. Folland, whose Gloster-Napier sixes are exceptionally beautiful as well as speedy.

He designed the Gloster biplane which made the fastest lap in 1927.

The Italian Schneider cup team requested England to postpone the race because of the death of the Italian aviator Motta.

After Six Months of Retirement Former President Coolidge Says Future Is Past, Has Settled Down

Northampton, Mass., Sept. 4.—(AP)—When Calvin Coolidge left the White House six months ago, this city wondered if he actually would "settle down" in the two-family house at 21 Massachusetts Street.

Today, however, finds Mr. and Mrs. Coolidge apparently well established in their half of the home which the former president had rented since beginning his political career here. Their daily routine differs little from that of their neighbors.

Like most Northampton citizens, the Coolidges are early risers. Breakfast is served in their old-fashioned dining room by Mrs. Alice Reckahn, their housekeeper for almost 30 years.

By 8 o'clock, Mr. Coolidge goes to his office at 25 Main Street which still bears on its windows the firm name of Coolidge & Hemenway, although his erstwhile partner is now conducting the law business alone.

Occasionally Mr. Coolidge walks more than a mile to work, but usually his chauffeur, John Bukowski, takes him in the limousine he used his last term at the White House.

From 8 until nearly noon, Mr. Coolidge is busy going through his voluminous mail. He dictates replies to his secretary, Miss Mae Hayes.

After dinner—for most Northampton folk have their hearty meal at noon, with "supper" at night—Mr. Coolidge rests for half an hour, often

taking a nap. He usually is back at the office by 2:30, where he continues working until 4 or 5.

Contrary to an impression that prevails even in Northampton, Mr. Coolidge is doing no more writing for publication. Articles already prepared by him are still appearing, but he has done no writing since May.

The Coolidge & Hemenway suite is on the second floor of the Masonic building, and is reached by an elevator or a wide marble staircase. It recalled that, when Mr. Coolidge was a young lawyer here, he occasionally would run the elevator himself, if in a hurry. Now, however, he rings for the lift, or uses the stairs when the elevator man is not on duty.

Scores of visitors have climbed the same steps since Mr. Coolidge came back to Northampton. Sometimes they are old acquaintances here in town. Again, they are former associates from Washington, like Ambassador Moore, or travelers such as a delegation of young students from Scandinavia which called recently.

The Coolidges attended an "old home day" gathering at Southampton early last month, dining on the village green, and later were guests at the 150th anniversary celebration of Cummington, another Hampshire county town, when the homestead of William Cullen Bryant, poet, was

AS COOLIDGE LEADS THE QUIET LIFE

The Coolidges leave their Northampton home to exercise their dogs (upper left). The former president's activities now swing chiefly between that home (lower left) and his office, indicated by the arrow (upper right). At lower right is Mr. Coolidge, private citizen, at his desk.

dedicated. They also saw a parade of legionnaires last month in Westfield.

After supper, Mr. Coolidge often sits on his small front porch, enjoying a cigar. Hundreds of tourists have seen him there, in an old-fashioned, wicker rocking-chair.

Later in the evening, he goes to the sitting room and reads. He usually retires by 10 o'clock.

Mrs. Coolidge has stepped easily from first lady to mistress of their modest home. In the morning she supervises housework, most of which is done by Mrs. Reckahn, then does her marketing. Her most intimate friend, Mrs. R. B. Hills, who lives a few doors away, often accompanies her on shopping trips.

In the afternoon, Mrs. Coolidge spends several hours at the bedside of her mother, now in her 81st year, who has been at Dickinson hospital since December, 1927.

Before supper, or in the early evening, Mrs. Coolidge usually takes her Chow dog, "Tiny Tim," for an airing.

If Mr. Coolidge has any idea of leaving Northampton, he has not made it known. He said recently he had no particular plans for the future. Asked whether he had "enjoyed the benefits he sought in returning to private life," Mr. Coolidge said he did not go into private life for the purpose of "enjoyment."

However, while he is keeping busy at his office, Mr. Coolidge indicates that he regards this period as his first real vacation in almost 20 years. When he left the White House he had

been holding public office continually since he was chosen mayor of Northampton in 1910, with the exception of one day's vacation the time he took a seat in the Massachusetts Senate.

SUMMERS LIKELY CHOICE FOR VETERAN COMMANDER

Nacogdoches, Sept. 4.—(AP)—With General J. H. Summers, commander of the second Texas brigade of the Confederate veterans, apparently leading all candidates for the office of State Commander, confederate veterans of the state went into the second day's program of their annual encampment today.

The program included a number of addresses, a parade and a pageant of

the old South to be presented by the United Daughters of the Confederacy.

BLISTERING SUN BLAMED FOR DEATHS OF FIVE

Chicago, Sept. 4.—(AP)—A blistering sun from which little relief was promised was held responsible today for five deaths—four in Chicago and one in Sawyer, Mich.

Temperatures in the nineties were common in the middlewest yesterday, Chicago having a high of 91 degrees, the hottest September 3 in 31 years. At other places the mercury bounded up to the nineties, causing several deaths and much suffering.
